LIFE ON PITCAIRN ISLAND.

Total Wealth of Inhabitants
Ten Pounds.

The Pitcairn islanders do not often have visitors, but recently the inhabitants of this romantic island, inseparably connected with the mutiny of the Bounty, were visited by Mr. Robert Hesketh, F.C.S., while on his way from Valparaiso to Sydney. On his return to modern civilization Mr. Hesketh had some interesting things to say about the life of this strange little colony. The population now consists solely of Seventh Day Adventists, and numbers 150 all told. They have a school and church, and the schoolmaster is preacher as well as medical adviser. There are sixty-seven children under sixteen. The food of the islanders consists of sweet potatoes, a little corn, a few yams, pumpkins, and tropical fruits. The total wealth of the islanders in English coin is about £10.

The government of the island is conducted by a chief magistrate-in-council, an Internal Committee, comprising the chief magistrate-in-council, two assessors, chairman of Internal Committee and a government secretary. These positions are all honorary. All persons over eighteen years of age, whether male or female, have a vote, and each elector can cast five votes—one for each officer. The elections are held between Christmas and New Year.

Law cases involving a penalty of under £5 can be tried by the chief magistrate, but over this amount two assessors have to be associated with him. When a man is fined, there being little or no money on the island, he has to work it out by repairing the roads. The day's work is started and concluded with religious ceremony and the majority of colonists retire at sundown.

EXPERIENCE IS THE BEST
TEACHER.

A GREAT deal has been written and said in the newspapers regarding Chamberlain's Cough Remedy, says Mr. Cronje of Cairns, Moor, Natal, Africa. "Still only a few people are aware of the great value of this remedy. There is an old proverb that 'Experience is the best teacher.' My family and I were attacked by severe colds and coughs so that for several nights we could not enjoy sleep. I decided to try Chamberlain's Cough Remedy and when we together had applied the bottle we were all cured. I recommend this remedy as a true and family physician. For sale by all Chemists and Druggists."

**A Natural
 Remedy**

Time was when disease was thought to be due
 to the direct influence of evil spirits, and exorcism
 and magic were invoked to cast it out.

Science has taught us wisdom. The evil
 spirits exist still. We call them "Disease
 Germs," and they also must be cast out. Once
 lodged in the stomach or intestines, fever with
 its hallucinations, or biliousness with its aches
 and pains, is the result.

**ENO'S
 FRUIT SALT**

is the approved remedy for driving out disease
 germs. Its action is quick and thorough. It
 clears the intestines, rouses the torpid liver to new
 life, stimulates the mucous membrane to a healthy
 action, and cleanses and invigorates the whole
 digestive tract.

It may be safely taken, at any time by young
 or old.

It is very effective in the early stage of Diarrhea
 by removing the irritating cause.

Be prepared for emergencies by always keeping
 a bottle in the house.

HONGKONG CLUB v. ROYAL ENGINEERS.

The Club were at home to the Engineers on Saturday. The soldiers started and play was fast and keen. Wilson and Pennell were early in the picture but Cohen tackled strongly and put well on the field where Brown sent out to Lewis whose shot skinned the bar. Keeping up the pressure the Engineers were nearly through but Barlow ran out and kicked away and later saved from Kelly. Hamilton relieved and Long and Campbell took play to mid-field but Scott secured and put over to Lewis who ran in and netted with a fine shot. The Club played up well and tried hard for the equalizer. Wilson put Larkin through but after beating the defence he shot tamely by. Pennell receiving from Wilks worked through and put out to Larkin from whose centre a scrimmage took place and the ball was rushed through apparently going in for Palmer. The score did not remain equal long as in a hot attack on the Club goal Brown put the Engineers ahead. Barlow seemed to be unsighted. At half time the score was: Royal Engineers 2; Hongkong Club 1.

Pennell, re-stated for the Club, who made a spirited attack which ended in Riggall losing to Ferrigan who put Lewis away, but the winger after beating the defence shot into the side net. A good effort by Larkin was stopped by Morris but Campbell returned to R. Brown who let the ball go behind. The soldiers returned to the attack Lewis putting in fine runs but twice the winger shot into the side net with only Barlow to beat. Kelly made a fine effort to break through but was bowled over by Hamilton who near goal but Brown running up netted, giving Barlow no chance. The soldiers now had most of the play and further increased their lead Lewis getting through and passing to Kelly who bent the ball and scored a fine goal. There was no further scoring and although the Club were three goals to the bad they had put up a thoroughly sporting game.

The soldiers had used their weight unfairly, and the Referee administered a caution to some of their players. Result: Royal Engineers, 4; Hongkong Club, 1.
 Teams Hongkong Club: R. C. Barlow; H. J. Jones and A. Hamilton; D. Campbell, R. F. Long and C. Wilkie; D. M. Larkin, W. A. Wilson, W. V. Pennell, R. J. Brown and W. B. Riggall.
 Royal Engineers: Rogers; Coxon and Morris; Ferrigan, Scott and Palmer; Lewis, Brown, Kelly, Richards and Sutherland. Referee, Sergt. Wilson.

87th COMPANY R.G.A. v. H.M.S. MINOTAUR.

The United Service League Match was played on the Naval Ground on Saturday. Opening play favoured the gunners, who quickly forced a corner, a regular bombardment of the sailors goal took place, Kates saving the situation. Taylor transferred the play and Dring putting in a fine run forced Marsh to save. The sailors kept up the pressure, nice combination between Smith and Bransell ended with the latter missing with a lovely drive shot, Kates saving finely. Play was from end to end in quick succession. Following good play by Lumley and Smith, Bransell got through and scored, but was given off side, the sailors appearing to resent the decision. Murphy put a fine pass to Dallman who after a good run scored with a lovely shot, Kates having no chance. At half time the score was, 87th Coy. 1 and H.M.S. Minotaur, 0. On resuming play, the sailors forced the pace, Smith putting a lovely shot which Marsh saved at the expense of a corner. Pressure by the sailors was relieved by Westbrook, and Richards securing, scored after a long run. Play now favoured the gunners, during a scrimmage in the sailors goal the ball was rushed through and soon after the kick off Dallman scored a fine run, in which he beat both backs, scored the fourth and last goal. Result: 87th Company R.G.A., 4; H.M.S. Minotaur, 0.

Teams: H.M.S. Minotaur: Kates; Bryant, Lane; Lumley, Taylor, Stevenson; Brant, Bransell, Smith, Goodbridge and Burbridge.

St. JOSEPH'S COLLEGE v. 88th COY. R.G.A.
 This second Division match was played on the Military ground on Saturday. Early play favoured the college and Ramjohn getting through passed to Goldenberg whose shot struck the post, a narrow escape for the soldiers. Coming again Goldenberg forced a corner off Woods which was cleared. A fine run by Iron Bux was stopped by Riddle, and Burt put Meila away and the winger centred, Cooper headed in but Khan stood away for a corner. This was cleared and the College forwards took play to midfield but Stanley returned and a combined run by Toddling, Meila and Cooper ended in Meila centring and Cooper beat Khan with a good shot. Keeping up the pressure, Khan had to serve twice from Lovelore before halftime arrived with the score: 88th Coy. R.G.A., 1; St. Joseph's College, 0.

Goldenberg restarted and the College attacked strongly but Riddle came to the rescue with a big kick. The College halves played up well and Bux, Goldenberg and Leung Wing were prominent but Woods cleared and at the other end Khan stood away from Meila. The College were

DYSPEPSIA.

WHILE one of the commonest of the so-called minor complaints, dyspepsia is responsible for an incalculable amount of suffering. Indeed, it affects some people so terribly that they actually dread to take food. Many conditions produce this disorder, which may last so long and become so severe that the unfortunate sufferer becomes exceedingly thin, weak, anemic, and the victim of many nervous conditions.

It is obvious that a food which is so digestible that it causes no pain or discomfort is the first necessity towards a cure. Such a food is Sanatogen, for the reason, as that famous physician, Dr. Guinard, has stated in one of the leading medical journals of the world, that "Sanatogen is absorbed without leaving any residue."

As, moreover, it is absorbed directly from the stomach, it gives it and all the other digestive organs that much needed rest which enables them to recover their power. It also helps to restore the digestion through its other actions in building up the nervous system, in increasing the number of the red blood corpuscles, and in improving the general nutrition of the body.

In value in dyspeptic disorders may be judged from the following striking statement of a Medical Captain in one of the Indian regiments. He writes: "I have recommended Sanatogen on different occasions in cases of acute dyspepsia, and in cases of anamia and loss of tone. I have, myself, suffered from acid dyspepsia for the last two years. I have found Sanatogen of the greatest service, and consider it the most valuable and easily assimilable and nutritive food ever used in such cases." "Sanatogen can be obtained of all Chemists."

HONGKONG CRICKET CLUB v. NAVY.
 Played on the Club's ground on Saturday, this game resulted in a draw, accounted for by the high scoring and poor bowling on both sides. Four batsmen scored over the half century, and two passed the forty mark. J. S. Lloyd was the most successful with the ball, taking 3 wickets for 25 runs in 3.5 overs.

interminable jangles of the past over the "tweedledum" and the "tweedledee" of the amount, the kind, and the cost of the religious instruction to the tiny little tots of England will continue indefinitely. The whole affair has been a farce for a long time, and, therefore, it is sincerely to be hoped that the proposed legislation which the Prime Minister and the Chancellor of the Exchequer intend to introduce will thoroughly and effectively remove what has proved to be such a nuisance of a stumbling block in the past.

JAPAN'S INTERNAL AFFAIRS.

THAT all is not well with Japan there has been more than one indication of late. Quite apart from the political situation, there seems to be a very serious restlessness that bodes no good to the State. Doubtless, the country's condition admits of a simple solution and will probably be found in the fact that the continued heavy taxation is bearing its usual unpleasant consequences. The latest news to hand regarding the land of the "Rising Sun" is that the Katsura Administration recently formed is about to topple over. It was not from its inception of solid structure, and the news therefore is not surprising. Though Prince Katsura has not committed himself definitely to further expansion of militarism, it was well known that his sympathies leaned in that direction. Such expansion may not mean further taxation, but it is unlikely to accelerate the decrease in that direction, upon which the majority of the country have apparently set their minds. To all appearance, the immediate struggle is between those who favour military expansion, as represented at present in an addition of two Divisions of troops for Korea, and those who oppose that policy. The "expansionists" occupy "high places" in the country, but the power that comes from numbers and actual control of the finances in the last resort is with those that are opposed to further militarism at present, particularly in Korea, where they are of opinion, that it is unnecessary. Our opinion is that the majority in this instance are right in their opposition to, at least, increased military burdens in Korea, for in that country of "Morning Calm" there is no evidence whatever that additional troops would be stationed there. If the military move is part of a more comprehensive policy having reference to the comparatively close proximity of Manchuria and Russia's Pacific port—as it might easily be) then, of course, that is a different matter—and by some means or other the country should be taken into the confidence of the "expansionists." We sincerely hope that no further trouble will result, and that a stable Government may soon be established.

ENGLAND'S "THORNY" PROBLEM!

ACCORDING to Reuter, Lord Haldane, in the course of his interesting speech, delivered at Manchester on Friday evening said, among other interesting statements, that the present Government's next "great social problem" would be "Education." To be precise, what the Lord Chancellor did say was that that subject would be undertaken by Mr. Asquith and Mr. Lloyd George. We may remark here that if these eminent Statesmen are unable to produce a sound piece of legislation which should prove unacceptable to the warring denominationalists the subject had better, once and for all, be divorced from religion. It is the purpose of the Church to look after the religion of youth; not the business of the State as represented by its legislators. The Church is in supreme command for at least one day every week and as many evenings as they may deem necessary. They have therefore abundant opportunity of inculcating their doctrines to both old and young. It is ludicrous in the extreme, in our opinion, that the time of Parliament should be so prodigally mis-spent over such a question as to how much and of what quality the religion Johnny Jones and Tina Smith should receive as "education"! It is long past the time that religion and education should be dissociated in elementary schools. We are ever chary of making predictions—but unhesitatingly we predict that Parliamentary discussion of elementary education, conducted as at present, will be a universal laughing-matter in less than half-a-century. Until it is omitted from Education Bills we suppose that the

DEATH OF MRS. CALDWELL.

It is with feelings of deep regret that we announce the death of Mrs. G. A. Caldwell, who passed away at the Pank Hospital this morning after a long and painful illness.

Of a lovely and kindly disposition Mrs. Caldwell had a host of warm friends in the Colony, who will miss her keenly. She was the eldest daughter of the late Mr. D. R. Crawford, of Lane Crawford and Co., and Mrs. Crawford.

Sincere sympathy will go out to Mr. G. A. Caldwell and the two children, Roy and Eunie; also to Mrs. Caldwell's brother, Mr. Frank Crawford, and sister, Mrs. Duncan Clark, and a married sister at home. The funeral took place this evening and was largely attended.

NEWS OF THE DAY.

On the back page of this issue will be found some interesting news items.

Inspector E. O'Sullivan and Sergt. Clarke, of the Hongkong Police Force, have returned to the Colony after absence on leave at home.

The election of Municipal Councillors and of a Local Commissioner for the International Settlement, Shanghai, has been fixed for January 23 and 24.

A man was fined \$25 by Mr. Melbourne this morning for carrying blasting powder in Connaught Road which had not a "Dangerous" label affixed to it.

The Kailas Mining Administration have materially reduced their first class passage to Tientsin via Chinwangtao, the rate now being \$40 instead of \$60.

The Shanghai Playgoers Society gave a theatrical tea party, on January 10 from 3 to 7, in the Club rooms in the Astor House Hotel. Music was provided.

Theatricals in the case in which a man is charged with the murder of ex-Jemadar Gulab, of that Hongkong Police, will be held on Thursday afternoon by Mr. Hazleland.

A sale by public auction of obsolete warships was held at Sasebo recently. The cruiser "Idzumi," 2,967 tons displacement, brought ¥100,750 and the gunboat "Chin-ian" ¥4,380.

A number of cases against Chinese for being in unlawful possession of opium were heard by Mr. Hazleland to-day, and fines were imposed ranging from \$1 to \$10.

The dead body of an unknown Chinese boy, aged about six years, has been found on the breakwater at Causeway Bay. Death had apparently been due to natural causes.

Hongkong's new regiment, the Duke of Cornwall's Own is due to arrive in the harbour to-morrow. They will replace the King's Own Yorkshire L.I. who will leave on Friday. We understand that a hall is to be given by the Cornwalls shortly after their arrival in the Colony.

Before Mr. Hazleland to-day a man was charged with being in possession of lottery tickets. The accused said the tickets were given to him by another man, and this statement was borne out by Inspector Dymond, who said that the prisoner was a "runner" for lottery agents. A fine of \$150 or two months' imprisonment was imposed.

Inspector McHardy charged seventeen men before Mr. Melbourne to-day with gambling in a house at Wan-chai. The Inspector stated that the men crowded round the window, and the police had to keep them off with their batons. Mr. Melbourne found the first man guilty of keeping the house, and fined him \$25 or one month. The remainder were fined \$2 each or five days, the Magistrate remarking that if they wanted to gamble they must go to Macao.

The St. Andrews Society of Shanghai propose to celebrate Burns' Anniversary on January 25 by holding a dinner.

A launch, with a crew of 10, at the Marine Magistrate's Court, to-day for sailing in the harbour near Lai-chi-lok without lights.

Lieutenant Claude E. Daniel, R.N.R., late second officer of the Empress of India, died at Vancouver last month, following an attack of double pneumonia which he contracted on the voyage from Japan. The deceased, who was only married about eighteen months ago, was to have been promoted to first officer when the vessel left Vancouver. The deceased was an efficient officer in the Royal Naval Reserve, and held a double first for torpedo work and gunnery. The funeral took place on December 4th, and the pall-bearers were all Royal Naval Reserve men. They were Captain Beithman, Captain Pybus, Captain A. H. Bond (the Harbour Master), and Captain A. O. Cooper. Capt. Daniel was a very popular officer on his ship.

The weekly health return for the Colony issued by Dr. Francis Clark, Medical Officer of Health, shows that there were five cases of diphtheria, three of which were reported from Hongkong and two from the district. Of these one was British, one Chinese, one American, and two Portuguese. There were seven cases of enteric fever, one of which was fatal. Four of these cases were from Hongkong and three from the district. Five were Chinese, one British and one Indian. There were three fatal cases of small-pox, all Chinese. One was in Hongkong, and two from the district.

BOYCOTT OF THE TRAMS.

The End in Sight.

The action of the Chinese merchants in endeavouring to put an end to the boycott by issuing special tickets to their employees has undoubtedly gone far towards bringing about a desirable end to the controversy. On Saturday there was an increase in the number of people using the second-class portion of the cars, whilst yesterday morning showed even still further improvement. On Saturday the takings amounted to about \$100 more than was the average on previous days, and yesterday the figures went up to about \$400 more. The company has issued 44,000 of the special tickets to the merchants. Although there has been a slight change for the better, the boycott is not by any means at an end, and nothing like the usual conditions are prevailing.

SOCIAL AND PERSONAL.

Several local residents returned from home to-day by the P. and O. s.s. "Sardinia."

Captain Thomas Bassett, who is well known on the China coast, is seriously ill at Shanghai.

Captain I. B. F. Currie, R.C.A. Hongkong, has been promoted Major with effect from 25th November, 1912. Major Currie has held the appointment of A.D.C. to the Governor and Commander-in-Chief, Gibraltar, and Staff Captain, Coast Defences, Southern Command. He obtained his captaincy on January 9, 1900.

Mrs. George Morrison, mother of Dr. Morrison, foreign adviser to China, is in Shanghai, with her daughter, Miss E. H. Morrison, en route to their home in Australia, after a short visit to Dr. Morrison and his bride in Peking. While in Peking Mrs. Morrison was guest at dinner of President Yuan Shih-kai, who presented to her a beautiful sash coat.

A CHANGE OF FRONT.

Mr. Lewis, of Messrs. Johnson, Stokes and Master, applied for a further remand this morning in a case in which two men were charged with being in possession of lottery tickets. He said that on the first occasion that the men were charged he appeared for the first defendant only, but now he had been instructed to defend both.

Mr. Melbourne: Did you not say on the last occasion that one man was guilty and the other innocent?

Mr. Lewis: No; it was the police who said that, I think. At any rate they are both innocent now. (Laughter.) The remand was granted.

THE ALLAN WILKIE COMPANY.

"The School For Scandal."

Sheridan's immortal comedy was staged on Saturday evening at the Theatre Royal, and from beginning to end was greatly enjoyed by the fairly large audience present. The cast was in every way adequate—which says much for their all-round talent. Miss E. Hunter-Watts gave a most admirable performance of the sprightly Lady Teazle and the part of Sir Peter was as ably performed by Mr. Allan Wilkie. Mr. B. A. Pittar was perhaps a trifle "heavy" as the gay and good-hearted prodigal Charles Surface, while Joseph was excellently performed by Mr. Arthur Goodsell. A very sweet, but occasionally just-a-little-too-assertive Maria was Miss Vera Crichton, a young actress of considerable promise, in my opinion. I must not forget to say that Mr. G. F. Weir was a first-rate "Careless," and that though Mr. Philip Gordon was a really good Sir Oliver, he was, perhaps, just a little fannier than Sheridan intended him to be. The other characters, comparatively small, were in every capable hands.

WANCHAI CONVENT DINNER.

Catholic Union as Hosts.

The dinner given annually at this season of the year to the girls of the Wanchai Convent by the members of the Catholic Union took place last evening, there being a large attendance of visitors to assist in ministering to the needs and comfort of the guests. The class-rooms were turned into dining rooms to accommodate the 200 inmates who were able to partake of the meal, the cuisine being under the charge of one of the Sisters. The tables, covered with good things, including sweets, confectionery and fruit, and prettily decorated with flowers presented an attractive appearance, and the girls seemed to greatly enjoy the treat. Special provision was made for the invalids who were unable to leave their beds, a small table being provided beside their beds. His Lordship Bishop Pozzani visited each table and gave his blessing. The party dispersed at about 8 o'clock after prayers of thanksgiving had been said and the Bishop's blessing received.

RESIGNATION OF A BRITISH CONSUL.

PEKING, Jan. 7.

The resignation of Mr. R. H. Mortimore, British Consul-General at Mukden, on account of ill-health, has been accepted, and he will leave immediately for home. N. O. Daily News.

SHIP TO A LOCAL STEAMER.

The s.s. "Glenogle," which arrived in port to-day, reported having seen on 12th the s.s. "Binh Chuan," which appeared to have broken down, in lat. 15.7N., long. 113.14E. Apparently no assistance was required as she was flying no signals of distress. The "Binh Chuan" left here for Saigon on 10th inst.

THE LI FAMILY CASE.

A New Appellant.

The case concerning the financial affairs of certain members of the Li family which was adjourned a few days ago owing to the death of the appellant was continued this morning in the Full Court of Appeal, the name of Li Yuen Shung being substituted for that of the deceased lady.

Mr. Slade announced that the order of the court citing Li Yuen Shung as appellant had been sent to him and a writ of authority had been received by Mr. R. A. Harding, who acted on the son's behalf. The only formality left to be carried out was the formal filing of the entry of appeal. This would be done during the course of the day.

Mr. Pollock said he was quite ready to give his consent, so far as it was required, to this course.

Mr. McNall then continuing his address from the point he had reached at the time of the adjournment, dealing with the question of payment, the most important aspect of the case. He had submitted, he said, that the deposit notes and receipts from the deposit notes found in the safe were in themselves valueless as evidence by themselves but if the court was satisfied from other evidence that all the payments in respect of which these documents were put forward had been made, the discovery of the documents in the possession of the plaintiff would cause the Court some satisfaction as confirmation of the decision already arrived at in the case.

The case is continuing to-morrow.

HONGKONG Y.M.C.A.

To Extend Its Usefulness.

With the object of making an endeavour to extend the sphere of usefulness and popularity of the European section of the Y.M.C.A. certain of the members who take an active part in its work invited about forty of the other members to a dinner, followed by a conference, on Saturday evening. The gathering was an enjoyable one and the many useful and practical suggestions put forward should have a very great effect upon the future of the association.

Mr. White, secretary of the section, who presided, invited statements from the heads of the various committees concerning the present position of their departments, and also invited criticism and suggestions upon each of them. Mr. White explained that it was the growing spirit manifest lately in the association which had led to the arrangement of the conference by some of the members who wished to take a share in the work which there was to be done. Throughout the speeches which followed there was expressed a note of the speakers' sense of the limitation of the association's work by the inadequate accommodation provided by the present premises.

This was referred to by the first speaker, Mr. Kempthorne, chairman of the house committee, who said the rooms were absolutely inadequate for any growth. They had only one public room in addition to the library and billiard rooms, and before the association could fulfil its aims and objects properly they must have premises of their own. During the year \$2,500 had been spent on the re-decoration of the rooms and new furniture.

The chess club, chess club and billiards were reported upon by Messrs. Elgin-botham, Fuller and Whitlaw respectively, all the reports being of a hopeful character.

Mr. Vivenah, who spoke of the work of the athletic clubs, laid stress upon the fact that while there was a wealth of material in the association from which to form any kind of team the majority of the members played for other clubs. They had every hope that before long through the efforts of H.E. Sir Henry May they would have a new tennis ground.

Mr. Dullinger, the newly-appointed chairman of the literary committee spoke hopefully of the future. He suggested that the future programme might include lectures, and the study of literary subjects by groups of students.

Mr. Hickling's able speech on the work of the debating society drew from a member the suggestion that a monthly magazine might be run by the society.

Mr. Raven told the unfortunate non-campers of the delights of Chung Chau as a summer week-end resort.

Mr. Sykes initiated an interesting discussion on the religious work of the association. There was a consensus of opinion that too little attention had been paid to this recently, but with a programme of Sunday evening musical services and other meetings which has been started this should soon be changed.

Mr. Burnett's report on the membership committee's work closed the conference.

Washington has been a little uneasy again during the New Year. An alleged revolutionist, a former soldier, was executed by shooting a few days ago. Since the streets have been patrolled strictly night and day. We have not heard from what source trouble is feared. N. O. Post.

THE P. & O. COMPANY.

AMALGAMATION RUMOURS REVIVED.

LONDON, Jan. 13.

Reuter telegraphs that it is remarkable that although Sir Thomas Sutherland at the P. and O. CHINESE AND THE BOYCOTT.

Rumoured Expulsion of Merchants Denied.

We understand that the reason the rumours were not more widely used yesterday in spite of the large number of tickets purchased by the merchants who are endeavouring to break the boycott was that a rumour was circulated to the effect that the Government had ordered the banishment of two Chinese merchants from the Colony.

Several of the merchants who attended the meetings held last week at which the purchase of tickets was decided upon called upon the Registrar-General this morning in reference to the matter and were assured that the rumour is utterly without foundation. A further meeting of merchants is to be called to discuss the situation.

ALLEGED BRIBERY.

At the Magistracy this afternoon Mr. E. A. Irving gave judgment in a case in which a Chinese was charged in November last with being in unlawful possession of lottery tickets and also with offering a bribe of \$50 to a Chinese Revenue Officer. Mr. Irving had committed the defendant for trial on the two counts, but the Attorney-General sent the case back to the Magistrate to deal with the first charge, and to obtain further evidence on the second charge.

Mr. Irving dismissed the first charge, and re-committed the defendant on the second count of offering a bribe. Bail in the sum of \$1,000 was allowed. Mr. Lewis, of Messrs. Johnson, Stokes and Master, is defending the accused.

A Chinese was fined \$50 by Mr. Hazleland to-day for attempting to sell opium drugs.

The Archbishop of York has obtained the consent of the Ecclesiastical Commissioners to create a second archdeaconry within the district of the future diocese of Sheffield. This will relieve the Archdeacon of Sheffield of a large area hitherto included in his archdeaconry.

THE WAR.

RESUMPTION OF "CONVERSATIONS."

LONDON, January 12.
Reuter learns that the Roumanian-Bulgarian conversations in London have been resumed. At the conclusion of the interview between M. Mishu and Dr. Daneff the latter telegraphed to Sofia.

A REPORT DENIED.

The report of a skirmish at Chatalija is officially denied at Sofia.

MINES IN THE MARMORA.

The Bulgarians have sown the coast of the Sea of Marmora with mines.

BULGARIAN MINISTER IN RUSSIA.

The Bulgarian Minister of Finance has arrived at St. Petersburg.

THE TURKS' DETERMINATION.

The deadlock in the peace negotiations still continues. Rechid Pasha, interviewed by a representative of Reuter, emphasised the point that the Ottomans are determined not to abandon Adrianople and the Aegean Islands, and asked: "Why should all the concessions emanate from one side?" If the Balkan States did not accept Turkey's proposals by the end of the week the Turkish delegates would be immediately recalled. He also affirmed that whether the conference was to be a success was a matter for those who are abruptly suspending it with the possibility arising out of the critical situation between Roumania and Bulgaria.

ROUMANIA'S ATTITUDE.

The arrival at Constantinople of M. Filipescu, the Roumanian Minister for Agriculture, is drawing attention to the action of Roumania. At the present moment it will certainly stiffen the attitude of the Porte.

THE EUROPEAN SITUATION.

The European situation is regarded with growing uneasiness owing to the continued unbending attitude of Turkey and the menacing attitude of Roumania. All the Powers are decided as to the necessity of Turkey giving up Adrianople and have agreed to present a Note to Constantinople to be followed by much stronger representations. The London newspaper are unanimous in denouncing the action of Roumania, especially at such a critical moment.

OPINION IN THE BALKANS.

Opinion at Sofia (Bulgaria) and Cetinje (Montenegro) is strongly in favour of a rupture of the negotiations. The Montenegrins are angry at the repeated sorties of the Turks at Tarnobos, despite the armistice.

A SORTIE IN THE DARDANELLES.

An Athens telegram reports that the Turkish fleet made a sortie from the Dardanelles, but returned on the Greek fleet hurrying up to attack.

FRENCH MILITARY SENSATION.

RESIGNATION OF M. MILLERAND.

LONDON, Jan. 12.
M. Millerand, the Minister for War, has reinstated in the French Army Colonel Pay du Clam, who figured prominently in the Dreyfus case.

This has created a sensation in France and has occasioned heated discussions in the Cabinet Councils. M. Millerand has repeatedly offered to resign, and his resignation will probably be accepted.

LATER.

The resignation of M. Millerand has been accepted. He is succeeded by M. Le Brun, and M. Bismarck has been appointed Minister for the Colonies.

RUSSIA AND MONGOLIA.

THE SHIPS' BOAT ACCOMMODATION QUESTION.

COMMITTEE'S RECOMMENDATIONS.

LONDON, Jan. 12.
The Committee appointed to consider the questions to which public attention was drawn by the Titanic disaster recommends to the Board of Trade the storage of extra boats sufficient to accommodate all on board, under the boats attached to davits. As regards ships in which the boat accommodation needed would be so large that they cannot be thus stowed, the Committee recommends the provision of reversible pontoon rafts capable of being thrown from the deck if necessary.

BRITISH POLITICS.

NEXT GREAT LEGISLATIVE PROBLEM.

LONDON, Jan. 11.

Lord Haldane, speaking at Manchester, said the land question required great caution. He denied rumours of a conflict in the Cabinet on the subject. The Government were studying the question, and when they had collected sufficient material would be able to make some suggestion. Mr. Asquith and Mr. Lloyd George had decided that Education was the next great social problem to be tackled. The time had come to take a great step forward. Mr. Lloyd George was ready to throw himself into the question as heartily as he had into the Insurance Act. It was a costly and colossal undertaking but it was worth the sacrifice.

THE FORGED BANK NOTE CASE.

Before Mr. Melhorne at the Magistrate's office this afternoon eight Japanese were charged on remand with being in possession of spurious bank notes of the Kwang Tung Military Government, the total face value of which represents a sum of about three quarters of a million dollars.

Mr. Bowley prosecuted, and Mr. J. H. Gardiner and Mr. Bomber Harris defended the accused.

The name of a Chinese was added to the defendants in the case.

A Japanese witness was called who said he came to Hongkong to learn photography. He had a letter of introduction to Sano, and he was to be apprenticed to Muneya. From December 17th the defendant Mishiya was staying at the studio. He brought \$100 with him when he came. Witness went to meet the defendant Maruta on board the Awa Maru. Witness showed him the Naniwa Hotel. Later Maruta came to witness and asked if Mishiya had arrived, and he was told that he had been arrested. The letter of introduction was given to witness by the fifth defendant, who was in Tokyo when witness arrived in Hongkong.

A street notice was called who was engaged by two of the defendants at the Tokyo Hotel to carry a box. Witness got an assistant to help him. They went to the Post Office followed by three of the defendants. One of them asked if he knew the Lam Pak Hong, and witness said he did. At the Des Vaux Road West they were stopped by the police. The case was again adjourned.

A DOUBT IN THE CASE.

At the Magistrate's today before Mr. Hazlard, Detective-Sergeant Brown charged a man with being in unlawful possession of \$500. The detective said his suspicions were aroused by the defendant's manner. He followed him, and on searching him found the money which was the subject of the charge. The defence set up was that the money was given to the accused man by his father. The accused was discharged.

HONGKONG LAUNCH PIRATED.

Haul of \$4,500.

The steam launch "Hung On," which runs from Hongkong to the mouth of the San-chun river daily with passengers and general cargo, was held up by pirates on Saturday and the passengers and crew relieved of most of their valuables and money.

The launch, which is owned by a Chinese company and has a Chinese crew, left one of the Praya wharves early on Saturday morning as usual on its daily run, carrying forty passengers, all of whom were Chinese. All went well until Deep Water Bay was reached. Here the Hung On stopped to await the arrival of a small boat which was hailed to take off certain of the passengers. While this was proceeding thirteen men who had boarded the launch as ordinary passengers at Hongkong produced revolvers, seized the small boat, and tied it to the stern of the vessel. Four of the pirates stood sentry over the boat to see that it was not moved, while others guarded the arms belonging to the launch, which were kept in one of the cabins. Under the threats of the robbers the crew were made to steam for Che-ung-min, a place in Chinese territory, meanwhile all the passengers were searched and relieved of clothing, money and valuables to the value of \$1,800. The robbers also appropriated several revolvers and a quantity of ammunition as well as the contents of the Sanjin and Pingnan dispatch boxes. Having fastened up all the passengers in the fore cabin, the door of which they nailed up, they rowed ashore to Chinese territory, after making an unsuccessful attempt to disable the launch's engines. The pirates must have made their plans very carefully, for the launch was searched by a couple of Chinese detectives before she left the port.

THE TEST OF MERIT.
YOU judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by all Chemists and Storekeepers.
